- 4 - Above 90%
- 3 - 70 - 89%
- 2 - 50 - 69%
- 1 - 30 - 49%
- 0 - Below 29%

20) The overall quality of teaching-learning process in your institute is very good.

125 responses

- 4 - Strongly agree
- 3 - Agree
- 2 - Neutral
- 1 - Disagree
- 0 - Strongly disagree

21) Give three observation / suggestions to improve the overall teaching – learning experience in your institution

72 responses

One observation to improve the overall teaching-learning experience is to embrace technology integration in the institution. Technology can greatly enhance the learning process by providing access to a vast array of educational resources, interactive multimedia content, and online collaboration tools.

Another suggestion is to foster student-centered approaches in teaching. Traditional lecture-based methods often result in passive learning, where students are mere recipients of information.

To enhance the teaching-learning experience, it is essential to promote a culture of continuous professional development among faculty members. Institutions should invest in professional development programs that support teachers in keeping up with the latest educational research, instructional strategies, and technological advancements. Workshops, conferences, and online courses can provide opportunities for faculty to enhance their teaching skills, explore innovative pedagogies, and share best practices.

Nothing

Limited books in library

All is well so far .

Unethical teaching is also good if taught in discipline manner and proper guidance.

So far so good

Teaching shall be consistent in completing students error in subject and doubts to be cleared

It is very good

.Try to reach every student and ask for their doubts.

.Make teaching a two way interaction.

All are good.

Very good 😊👍

Everything is okay okay

As a student, I've received the best from each and every professor & i consider myself a phytoplankton in the ocean of education wherein the professors are blue whales.

Very good

1. Teachers shouldn't keep on changing.
2. Training for Moot court competition must be started.
3. Practical learning shall be given more weightage.

Verry exlent

College timmings Should be reduce . every lecture can reduce by 15 min, also the 10 min gap after every lecture is not required, (small lectures but in effective way with smart board presentation can be conducted,) max students are working , so making them able to attend max lecture in short timing, rest time can be spent in library by the students who are not working.

- 1-friendly with student
- 2- support the student for the some need
- 3- be helpful never student need

Please motivated to participate in Moot Competition, Debate competition & other activities, etc.

1. PPT
2. Example
3. Interaction

Including the current example and cases on burning issue and more example in daily life

Give some questions to learning chapter

I know nobody is gonna take it seriously even though I suggest something hence no useless suggestions.

Verry good

Good

Nothing

1. Fix the jumbled of roll no, I'd no, and exam no. It's very confusing and difficult for us when we write Internal exam (25 marks)
2. Increase Use of Projector
3. Put Dustbin in every Class

Very Good 😊

1. Office management
2. Notice to be given atleast 4 to 5 days prior
3. Results or results notice to be shared properly.

Is very good

1. The teaching staff should be well versed in the subject they will teach. 2. Collegian should complete the portion in the same time as allotted to the teacher and not over time ect. 3. Teacher should not bother teaching students.

The institute must be take active interest in promoting internship, Court visit and opportunities for students.

Use technology in the classroom like Projector for make learning easier.

- 1 More practical study
- 2 Use of other tools like gamification or virtual
- 3 Story type studies which will memories easily

1. Use better graphics.
2. Try to reach every student and ask for their doubts.
3. Make teaching a two way interaction.

Thank you Teacher you did very well.

Teaching and learning quality is good
Suggestion

1. Inform each and every student about the extra curricular activities
2. Keeping the washroom clean and installing sanitary vending machine

All teaching staff are excellent

Every thing good

No mid term changes of faculties shall be done as it effects the flow of learning - teaching method

Feedback should taken from each clases with intervals of 2 months so that the learning - teaching process goes smoothly

Break time shall be increased as 10 mins becomes insufficient for 50 mins lecture

Teachers must have thorough knowlege of their subject.
Teachers should ask questions to students.
Teachers must be clear about concepts of at least thier subject.

Use projector, provide notes,

1. The institution is a very disturbing place for students, due to the unpleasant loud noise of the construction activity there I suffer from severe headache daily.
2. The institution is not even able to provide basic amenities like clean drinking water and water supply in the washrooms.
3. The authorities of our institution are very monarch and autocratic in nature, they don't welcome any kind of suggestions from the students or other stakeholders.

Learning & teaching process will be broader when all teaching & non teaching staff (office staff) will be identify abilities of ever students and try to always co operate them.

Every thing is ok

EVERY THING IS OK

1. Engage well mannered and professional staff who is having excellent knowledge of law.

Great experience in institute

Communicate with students which method is use for teaching.

Teach in expected languages when topic is tough to understanding .

Tell the marks of internal exam to students. for example test and research

1, Needs to encourage students for participation in various activities in curriculum.

2, Visits of Jail , Court and Observation room have to be arranged.

Please start canteen immediately

No comments

No comments.

No comments

One observation is to focus on creating a positive and inclusive classroom environment. A supportive and welcoming atmosphere can significantly impact students' motivation, engagement, and overall learning experience. Teachers can foster this environment by building positive relationships with students, promoting respectful communication, and valuing diversity.

Another suggestion is to utilize varied instructional strategies to cater to different learning styles and preferences. No single teaching method is suitable for all students. Employing a range of instructional techniques such as lectures, group discussions, hands-on activities, multimedia presentations, and real-life examples can help capture students' interest and cater to their diverse needs.

Continuous professional development is essential for improving teaching. Teachers should embrace opportunities to enhance their knowledge, skills, and pedagogical approaches. Participating in workshops, conferences, webinars, and professional learning communities can provide valuable insights into effective teaching strategies, the latest research in education, and innovative instructional techniques.

Teacher have to be more helpful towards learning process

1. Ongoing events all over the world should be discussed .
2. Group work should be assigned to develop soft skills
3. Teachers should treat each one of the student equally

Teaching skills are very good. All teaching faculty always teach and properly explain.

Overall teaching and learning experience is good

Need ac in class

At least give 20 minits grace timings of let comers in the morning 1 lectures.

1. I express my disappointment and frustration for the type of behaviour we get from the office staff. They should be open to hear the problems from our side. As a student I had enrolled in this college with high expectations, I regret to inform you that my experience has been far from satisfactory.

2. There is a insufficiency of essential aminities in the washroom the absence of adequate soap dispensers, paper towels, or hand dryers deprives us from maintaining proper hygiene. There is no proper water supply in the washroom also the doors have the broken locks, one day while using the washroom I was pushing the door from inside using my leg because of the broken locks.

3. There should be a fairness in the making system of the internal and external exams, the marks should be allotted to the students without any malafide intention.

1. Currently there are many beautiful teaching staff but I would suggest to appoint more beautiful staff as they say BEAUTY WITH BRAIN.

2. In Bhagavadgita it is said that Krishna is the Solution for all the problems in the life such similarly, THE PRINCIPAL is the Problem for all the problems that are caused in the college. The principal is so Tharki he always looks at the teachers as well as students with his lustful eyes and have a strong sexual desires and is lacherous and libidinous. As I am a female I am scared sometimes to go in front of the principal because he never looks directly into the eyes just stares at my body up to down.

3. Last thing is about the exam department this department is the worst department I have ever seen in my life. The exam cell works fraudulently and with unfair marking system. There is no proper work done here so I would request to change the working staff of the exam cell.

- 1) सर्व प्राध्यापक अनुभवी असावेत
- 2) थेरोटिकल पेक्षा प्रॅक्टिकली जास्त भर द्यावा
- 3) कोर्ट भेट ठेवाव्यात.

Improve infrastructure - improved and well maintained infrastructure creates a good environment to learn and grow.

Enhance and upgrade teaching skills for a better outcome.

They ask every student their doubts.

College is not providing any opportunities for students. College is not supporting student. Teacher miss behaving with student but student can not take action specially exam cell and library.

1. Kindly consider the students in attendance who are working . because its a professional courses. we want to do this LLB course without any academic gap
2. Plz recheck an internal exam Mark's sheet before display the result

Advanced Teaching Technic will help the students to improve more, the class is overcrowded hence creating lot of disturbances, difficult to hear the faculty properly while lectures due to lot of disturbances within the class and from the village, hence audio system is required, proper installation of Fan's are essential as in these days everyone wants to sit below the fan due to hot, students are more and Fan's are less, no drinking water glass is available on the water cooler, Projector be used, will help the student to understand more....

Don't skip and speedup the portion
Use some interesting technique to teach
Interaction is must important

We don't have canteen, proper drinking water at our floor, washroom is not clean and do not have Handwash

Teachers is very cooperative and there teaching is also encourage all student .
Other activity is also helpful in my learning process.
Please provide lift for 4 floor any time .

Feedback and Action Taken Report

Description of the Feedback received:

1. Limited Books in the Library
2. Regarding Internship/ Student Exchange/ Field Visit
3. Percentage in using ICT, Projectors
4. Reaching out to students and doubt clearing sessions
5. Performance in Assignments not being Discussed regularly
6. Recommended books and reference texts were made available in the library
7. Domain knowledge, drafting skills and research skills need improvement- Employer Feedback

Description of the Action Taken:

On the basis of the Feedback received from the Stakeholders, the Faculty staff was consulted and post discussions, the following actions were taken:

1. New purchases of Books for the Library
2. Book fair conducted to get more suggestions
3. Teachers gave their book recommendations to the Librarian and they were accepted
4. Students were being encouraged and hand-held to take up internship opportunities in Law Firms and other organisations
5. Usage of Projectors, e-library and SCCOnline has been encouraged by the Faculty
6. Doubt clearing sessions post completion of portions prior to Preparatory Leave practice is being continued and emphasized upon
7. Teaching Faculty is encouraged to discuss and give feedback to the students for their assignment performance to improve.
8. Specific Lecture Periods were assigned as library hours for learning methods of research and to encourage and inculcate better reading and research, drafting skills.
9. Decision was taken to ensure the internal assessments tests had application and situational problems only in them.

10. Drafting, Pleading and Conveyancing Classes are conducted regularly to improve drafting skills.

MINUTES OF THE MEETING:

The Minutes of the Meeting held on 2nd June, 2023 at 2:30 pm are as follows:

1. Meeting convened by Principal (Dr.) Dinkar Gitte and Asst. Prof. (Dr.) Amrita Singh.
2. Meeting attended by Faculty- Asst. Prof. Mayuri Taware, Asst. Prof. Anant Pawar, Asst. Prof. Kritika Singh, Asst. Prof. Niharika Gayakwad, Asst. Prof. Bipasha Bandopadhyay.
3. Asst. Prof. (Dr.) Amrita Singh briefed everyone on the issues given under the feedback forms received and she also randomly picked some stakeholders to help the Institution improve on those fronts.
4. This meeting was specifically called to ensure the Faculty are oriented to understand their responsibilities and incorporate the same in their teaching discourse and methodology.

5. Addressing the issues Raised by Students

Issue 1- Limited Books in the Library-

Addressing issues:

- a. It was brought to the attention of the Librarian
- b. Book Fair Exhibition was decided to be conducted and books were to be purchased after taking the feedback of the Faculty and students

Issue 2- Regarding Internship/ Student Exchange/ Field Visit-

Addressing issues:

- a. It was brought to the notice of the students that Industrial Visit to Supreme Court, Prison Visit, Lok Adalat and Police stations to assure them that the Institution takes them on Field Trips regularly to enhance and hone their practical knowledge and skills.
- b. The students have been given various internship opportunities in Law Firms including some in the Consumer Forum at Fort and Belapur.

Issue 3- Percentage in using ICT, Projectors:

Addressing Issues:

- a. The usage of ICT tools, Projectors has increased in classes
- b. A lecture on SCCOnline and Its Usage was decided to be conducted for orienting the students on the e-sources available through our Institution

Issue 4- Reaching out to students and doubt clearing sessions

Addressing Issues

- a. It has been the practice of the Institution to always encourage interactive sessions between the faculty and students.
- b. It has also been the general practice of the Institution to give students one week of revision prior to the Preparatory Leave for the semester Examinations to enable the students to ask their doubts and to clarify certain concepts again.

Issue 5- Performance in Assignments not being Discussed regularly

Addressing Issues:

- a. The Institution has always been encouraging the Faculty to conduct discussions and feedback sessions to the students on the viva, research projects, internal

assessments and assignments to ensure that there was improvement in their performance.
