## STUDENTS MENTORING STUDENTS (SMS) POLICY

The Students Mentoring Students is a yearlong peer-facilitated program that strives to introduce incoming students to the institution. This orientation helps fresher students to learn about their institution, develop friendships with students in their own grade as well as with their upper-class peer students. Through intentional efforts and well-rehearsed facilitation, peer mentors will help fresher students feel comfortable being themselves.

SMS is intended to reach beyond the fresher class by building cultural competencies and a solid sense of community necessary for ensuring a safe and productive college environment. Through participation in the SMS program, freshmen will be more likely to work productively in groups, there will be increased tolerance and acceptance of diversity, and there will be a stronger sense of likelihood in peer community. Fresher students are exposed to positive upper class role models through the student mentors and they are given an opportunity to develop their own leadership skills. The SMS program is implemented by the institution, made up of juniors and seniors, who are interviewed by the IQAC and a student mentor is selected corresponding to each respective class. The student-mentors show up to each class prepared to lead an activity/discussion/assignment etc. which promotes interaction and encourages good rapport and relationship building academically.
